

**Who knew
saving money
could feel
so good?**

**Home
Energy Loans**

A more comfortable home. More savings for you.

We've teamed up with EnergySmart in Boulder County and the Denver Energy Challenge in the City and County of Denver to cut energy waste while helping you save money on energy costs. Make your home more energy efficient while saving money in the process.

It's easy to get started. You'll start with an expert Energy Advisor – through EnergySmart in Boulder County or the Denver Energy Challenge in the City and County of Denver – who will walk you through the process and explain your potential for rebates and energy cost savings resulting from the upgrades you make. Your advisor will then connect you with Elevations to help finance your selected energy upgrades.

**rates as low as
2.75% APR***

Home energy loans can be used for a variety of upgrades, including:

- Insulation and Air Sealing
- EnergyStar® Appliances
- Geothermal**
- Space Heating and Cooling
- Water Heating
- Windows, Doors and Skylights
- Rooftop Solar Photovoltaic**
- Solar Gardens**
- Solar Hot Water
- And more. Visit elevationscu.com/energyloans for a full list of eligible projects.

Best of all, home energy loans are available for a variety of terms, from 36 months to ten years, extending well beyond short term rebates and making almost any upgrade affordable.

For a better home and a better Colorado, start saving now. Call or visit us online.

* APR = Annual Percentage Rate. Actual APR will be determined when you apply and will be based on your application and credit information. Visit elevationscu.com/rates for additional rate information. Homeowners can apply for a minimum of \$500. A \$25 processing fee will be applied and all borrowers will be required to become members of Elevations Credit Union.

** In order to qualify for Solar Photovoltaic and other renewable energy sources under this loan, borrowers must achieve 15% energy efficiency improvement to the property through the respective programs.

*If you love where you live,
it matters where you bank.*

Elevations energy loans are made possible through the U.S. Department of Energy grant-funded EnergySmart in Boulder County and the Denver Energy Challenge in the City and County of Denver programs, in conjunction with Elevations Credit Union. Boulder and Denver Counties, recipients of these stimulus funds, have set aside nearly \$8 million of the grant to create a finance program to support goals of the Department of Energy's Better Buildings program, which are to improve the energy efficiency of existing buildings and stimulate local economic growth.
